

Dialing **7-1-1** makes it even easier to reach New York Relay!

What is 7-1-1?

7-1-1 is a statewide telephone relay number that connects standard (voice) telephone users with deaf, hard-of-hearing, deaf-blind, and/or speech-disabled people who use text telephones (TTYs).

Relay users can simply dial 7-1-1 to connect with New York Relay. This allows more user-friendly access, particularly for less experienced relay users such as businesses or friends and family of TTY users.

Is 7-1-1 for emergencies?

No, 7-1-1 is not an emergency number and should not be confused with 9-1-1. However, if you use a TTY and cannot obtain emergency services on 9-1-1, you may call 7-1-1 and tell the Relay Operator you have an emergency. The Relay Operator will then relay your call to the appropriate emergency service provider.
